

# FORM-WORK BAR CHAIR PC 45/50

**BAR CLIP MECHANISM**

**HEAVY DUTY DESIGN**

*“What I love about your chairs is the low visibility feet - it makes my finished product look heaps better.”*

– Dan, Precast Yard

## The features of our **FORM-WORK BAR CHAIR 45/50**

One of the forerunners to the now popular Castle pre-cast chairs the F45/50 form-work chair has been designed to support single layered mesh or bar up to 10mm Diameter. Featuring a handy clip on feature allows to mount horizontally without falling down. Recommended for use in form and cage applications.

Heavy duty design makes for a superbly stable steelwork chair.

These chairs are batch tested and meet the AS/NZS 2425:2015 Standards for bar chairs in reinforced concrete.

**Tip:**

The clip mechanism allows the chair to attach firm in a horizontal position when lowering the mesh into form. Great!
